Front-End Quality Assurance Review

Course Name	
Course Link / URL	
Qualification Number	
QA Reviewer Name	
Date of Review	

Step 01 — General Information

Check Item	Tick	Comments / Issue Identified
Qualification Specification — must match the official Spec exactly		
Course Name: matches the Qualification / Centre Specification.	☐	
Level: matches (e.g., Level 4, Level 5).	☐	
Accreditation Status: matches the specification.	☐	
Credit Equivalency: matches the specification.	☐	
Qualification Number: matches the specification.	☐	
Access Duration: correct — standard is 1 year; Extended Diplomas are 2 years.	☐	
GLH & TQT: Guided Learning Hours and Total Qualification Time match the spec (not mixed up from another course).	☐	
Content Document Alignment		
Live page text matches the approved Content Document — no text missed, mispasted, or duplicated.	☐	

Step 02 — Header & Course Overview Section

Check Item	Tick	Comments / Issue Identified
Awarding Body Formatting		
Awarding body name (e.g., Qualify) is bold in the overview.	☐	
Content Relevance		
Course Overview	☐	
Contact Details		
A prominent heading sits directly above the WhatsApp call and email contact details.	☐	

Step 03 — “What Will I Learn?” & Key Highlights

Check Item	Tick	Comments / Issue Identified
Formatting & Phrasing		
Sentences are not overly long.	☐	
Alignment is clean.	☐	

Step 04 — Course Content / Content Table

Check Item	Tick	Comments / Issue Identified
Highlights & Outcomes		
Course Highlights: match the key parameters/aspects of the qualification specification. Check all.	☐	
Learning Outcomes Volume: 4 to 6 outcomes listed. If too few, request more from the content writer. All learning outcomes should start from a verb.	☐	

Check Item	Tick	Comments / Issue Identified
“Who Is This Course For?”		
Clear messaging such as “This course is ideal for...” with a list of suitable individuals.	☐	
Misplaced completion statements removed (e.g., “On successful completion you will be ready to take...”).	☐	
Certification		
Section clearly states the name of the certificate.	☐	
Entry Requirements		
Match the entry requirements in the Qualification Specification.	☐	
SLC only: the two boxes (blue and yellow) following the content are present.	☐	
Average Completion Timeframe — matches course type		
Award: 2 to 4 months. Certificate: 4 to 6 months. Diploma: 6 to 9 months. Extended Diploma: 9 to 12 months.	☐	
Adjusted where fast-track information has been received.	☐	
Method of Assessment		
Assignment-based courses clearly state that no exams are involved.	☐	
A clear heading titled “Assessment Overview” sits above the assessment details.	☐	

Check Item	Tick	Comments / Issue Identified
Unnecessary detail removed.	☐	
SLC final line present: Mentor Guidance and Support — “Our experienced mentors will guide and support you throughout the assessment process. You can reach them via email.” followed by a yellow box.	☐	
Academic Progression Pathway		
Header matches: “Next step for a potential academic progression pathway”.	☐	
Steps progress logically upward (e.g., Level 5 Diploma → Bachelor’s → Master’s).	☐	
“Alternative Pathways” listed are accurate.	☐	
Career Progression		
Details are accurate; careers listed from highest to lowest salary.	☐	
Salaries are up to date.	☐	
At least 5 careers listed.	☐	
Regulatory Bodies		
Regulated by: regulatory body information present and up to date.	☐	
Awarding Bodies		
Awarding Body Information: present and up to date.	☐	

Step 05 — Course Curriculum

Check Item	Tick	Comments / Issue Identified
Curriculum Code Check		
Module breakdown free of stray website code (trailing brackets, unformatted semicolons, double question marks, etc.) next to module text.	☐	

Step 06 — FAQ Section

Check Item	Tick	Comments / Issue Identified
FAQ Quality & Volume		
FAQ Relevance: answers strictly match the FAQ Questions.	☐	
Remove any Repeating FAQs	☐	
FAQ Volume: approximately 20 FAQs present. Content Gaps: if below volume, flag so the content writer can generate more in a separate document.	☐	
First FAQ should be “What is this [Course Name]?”	☐	

Step 07 — Reviews

Check Item	Tick	Comments / Issue Identified
Reviews		
Date Verification: all review dates are real and logical (no impossible dates like Feb 31, no accidental future dates like Jul 2035).	☐	
Review Accuracy	☐	

Step 08 — Course Pricing

Check Item	Tick	Comments / Issue Identified
Pricing		
Course pricing has been added.	☐	

Step 09 — Additional Information

Check Item	Tick	Comments / Issue Identified
Presentation & Consistency		
Alignments are correct throughout.	☐	
No unnecessary coding parts in the text.	☐	
Font types and styles are consistent.	☐	
Bullet points are properly applied.	☐	
Bolding is correctly done.	☐	
Awarding body logos are present.	☐	
Awarding body logos are not blurred.	☐	
Capitalisation is appropriate.	☐	
Correct course name is used properly.	☐	

Step 10 — Further Improvement & AI / Readability

Check Item	Tick	Comments / Issue Identified
Flags & Recommendations		
Further suggestions, improvements, or recommendations noted in this sheet.	☐	

Check Item	Tick	Comments / Issue Identified
Winston AI Evaluation		
AI percentage and readability scores evaluated using Winston AI.	☐	
Human Score is greater than 95.	☐	
Level 1–4 courses aim for a higher readability score (beginner / vocational / returning learners).	☐	
Level 5–6 courses are detailed but remain clear, well-structured, and easy to follow.	☐
